SKILLS

Python • JavaScript • AWS •
JavaScript Development • HTML
• aws • azure

CERTIFICATIONS

**Python for Data
Science, AI &
Developmen | IBM** 2021

**•Introducing
Generative AI with
AWS | udacity** 2023

**Data Analysis and
Visualization
Foundations | IBM** 2023

**Machine Learning &
Data Science
Masterclass | Udemy** 2023

**Microsoft Certified:
Azure AI
Fundamentals |
microsoft** 2023

**Advanced Data
Analytics | Correlation
One** 2024

LANGUAGES

Arabic Native

English Intermediate

SUMMARY

Detail-oriented and collaborative Software Development Intern with a strong foundation in Python, JavaScript, and cloud technologies. Proven ability to solve complex problems and work effectively in team environments.

WORK EXPERIENCE

Software Developer Intern Jan 2023 - Dec 2024

Tech Innovations Inc.

Developed and maintained web applications using JavaScript and Python
Collaborated with cross-functional teams to design scalable solutions

EDUCATION

Zarqa University 2020 - 2024

Bachelor of Science in Data Science and Artificial Intelligence

GPA: 3.8

PROJECTS

AI-Powered Web Scraper

Built a web scraper using Python to extract data from sources
Implemented AWS services for data storage and processing
Technologies: Python, AWS

Laptop Price Forecasting | [Project Link](#)

Built a machine learning model using Python to predict laptop prices with
Implemented data preprocessing and feature engineering using Pandas to
enhance model input
Technologies: Python, Pandas, Machine Learning Algorithms

Global Demographic Growth Analysis | [Project Link](#)

Developed data analysis scripts in Python to identify global population trends,
enhancing
Created interactive visualizations using Matplotlib and Seaborn to communicate
complex demographic patterns
Technologies: Python, Pandas, Machine Learning Algorithms

Student Performance Prediction | [Project Link](#)

Built a regression model achieving a Mean Squared Error (MSE) of 1.6
Technologies: Python, Pandas, Machine Learning Models
